Dedication

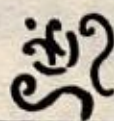

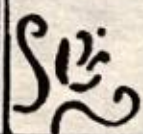

The Future Farmers of America has the following motto: "Learning to Do, Doing to Learn, Earning to Live, Living to Serve". Many students at Orosi High School have been able to realize this motto because of the efforts of Mr. Max Johnson. Mr. Johnson has been teaching agriculture and sponsoring our F.F.A. program for the past eleven years. He has been truly an ambitious, adaptable, resourceful, sincere, honest and reliable teacher. His success can also be attributed to the faith and patience he has with his students. This is why it is an honor to dedicate this 1975 La Palma to Mr. Max Johnson.

- Andy -
It was nice having
you as our president.
Keep your sunshine
and love, cause you'll
need it when you go
out in the world.
Love in him

Dear Andy,

Andy,

I didn't get to know you very long
or very well but I do know that you're
a really beautiful person, not only on
the outside, but inside, too, where it really
counts.

You're a great musician and I know
you'll go far. Keep up the fantastic
work.

I wish you well in everything
you do and dream in your life.
Look inside yourself and you'll find
everything.

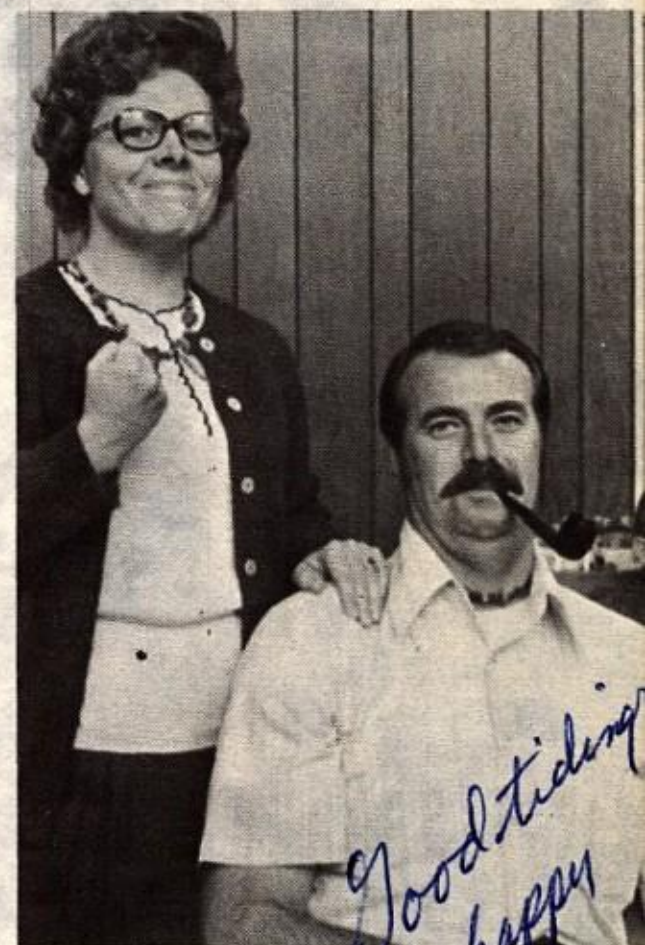

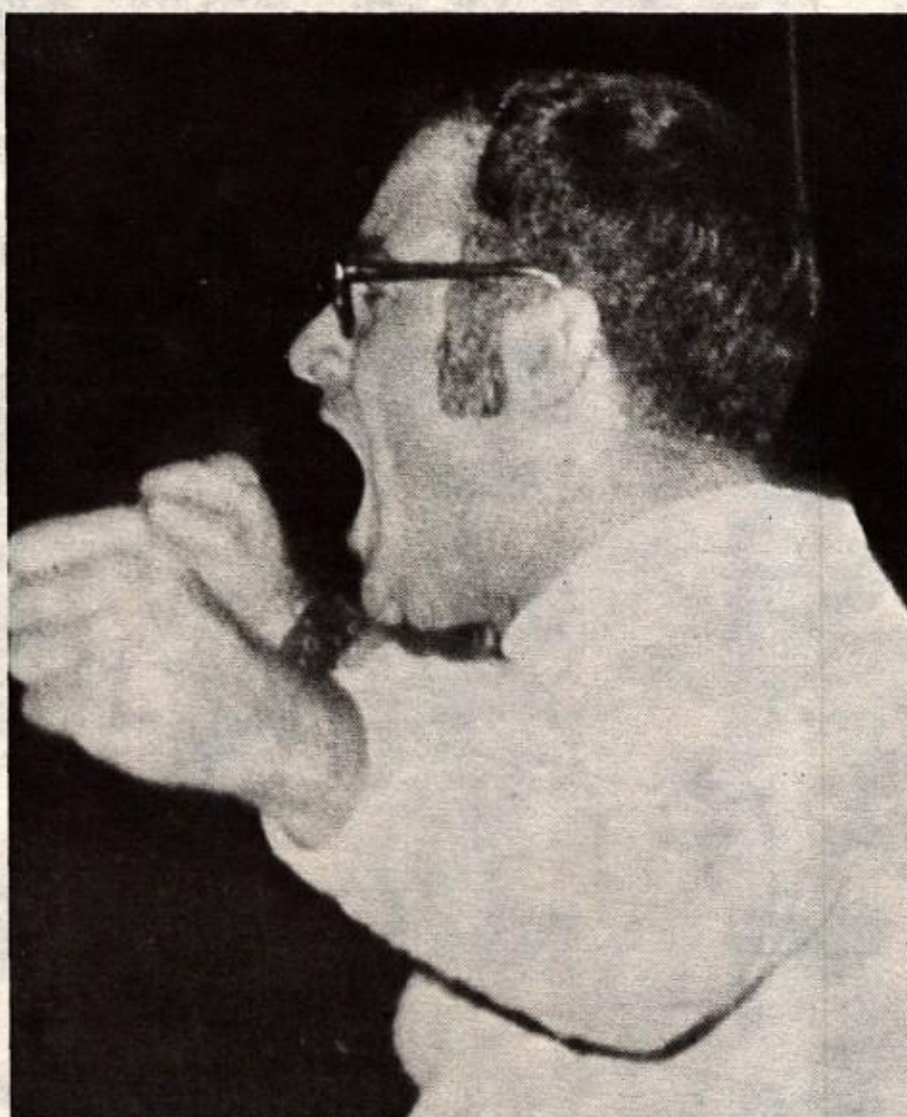

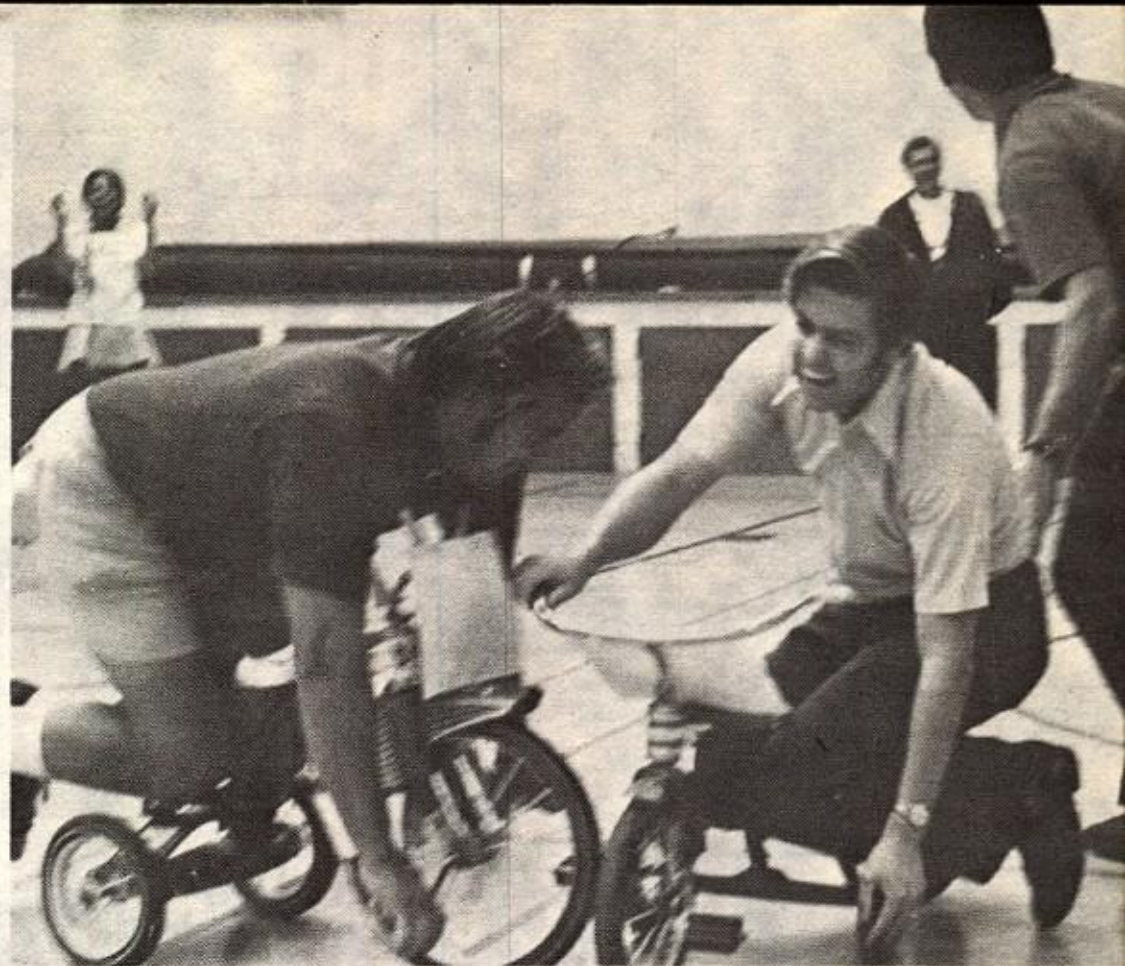

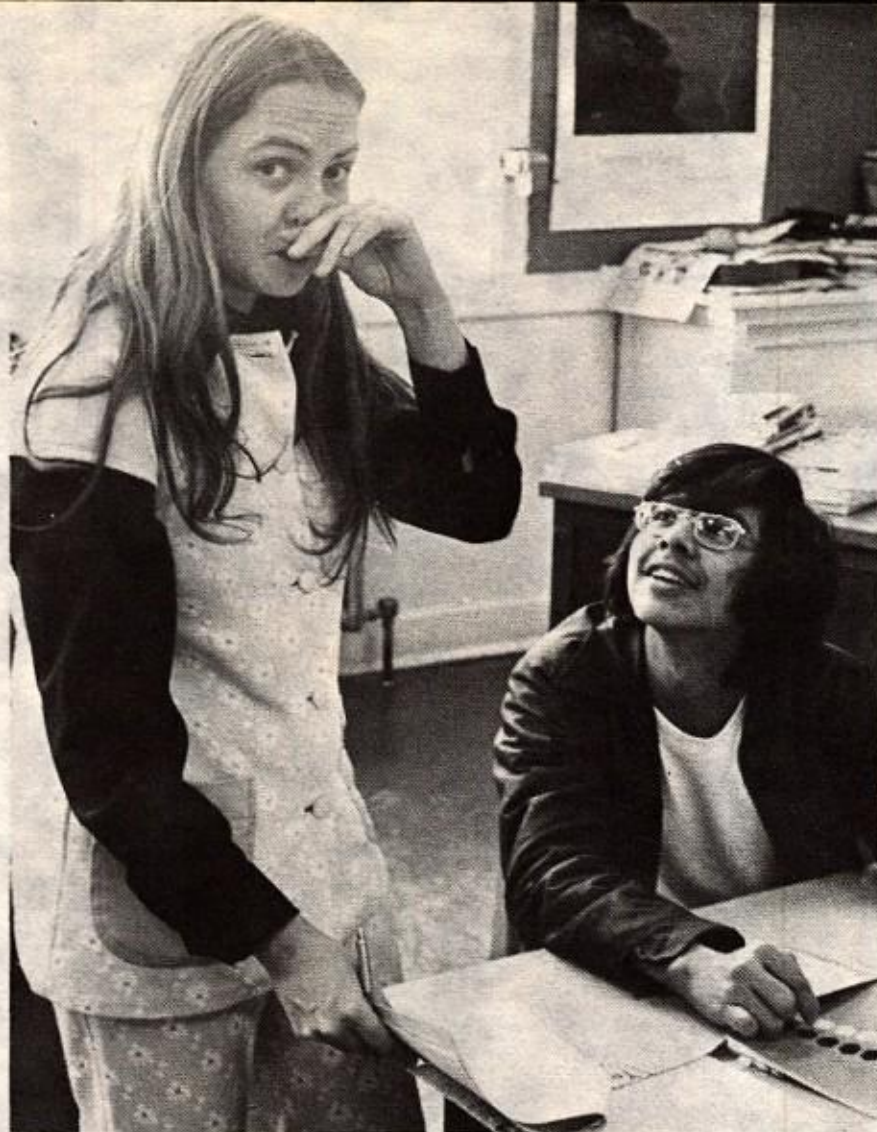

Hope to see you around some-
time. Who knows, maybe one of
these days when you pop your
head thru Mr. Guss's door
you'll find me with a
guitar in my hands too!

Good luck in life
and God bless you.

Shalom,

Lilien Tashiro

Superintendent's Message

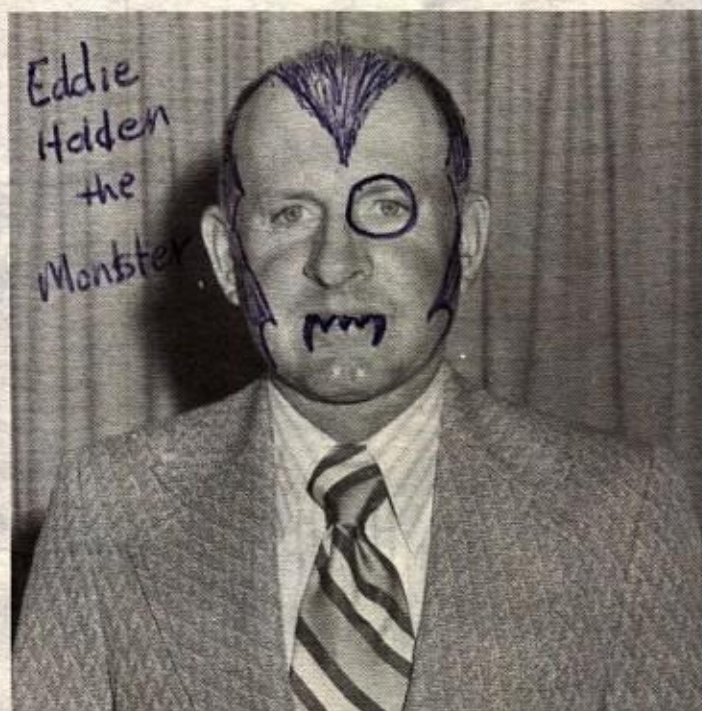

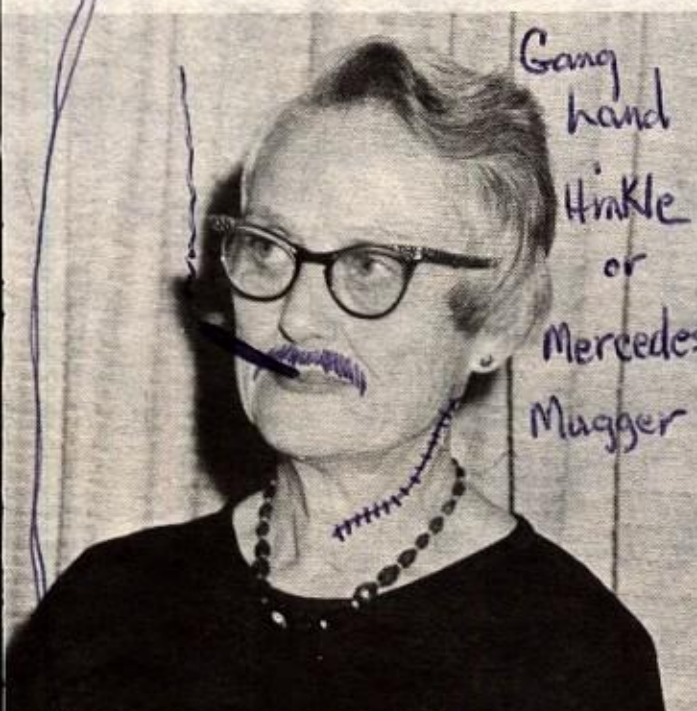

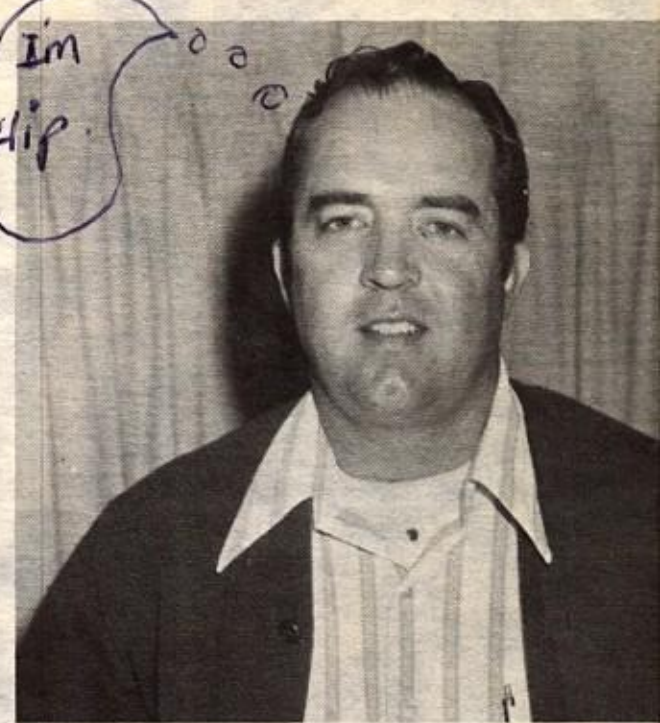

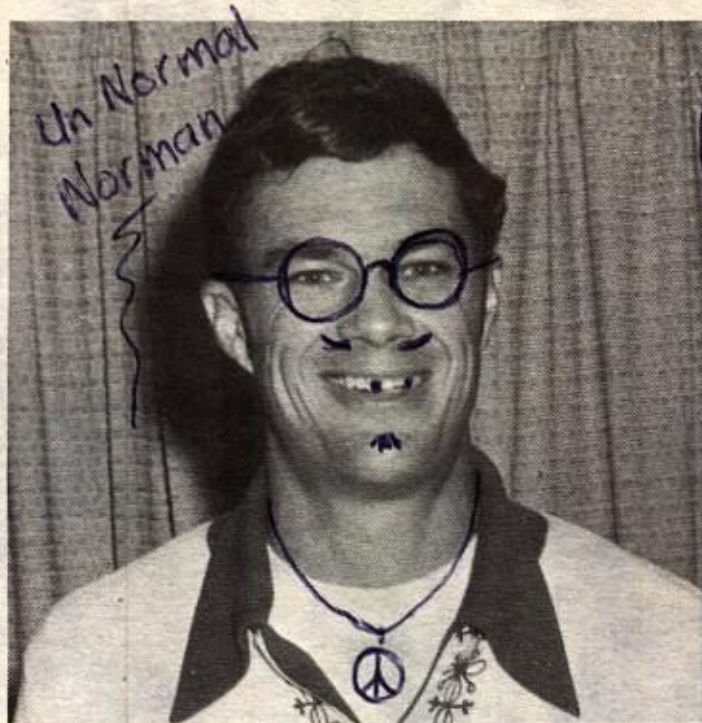

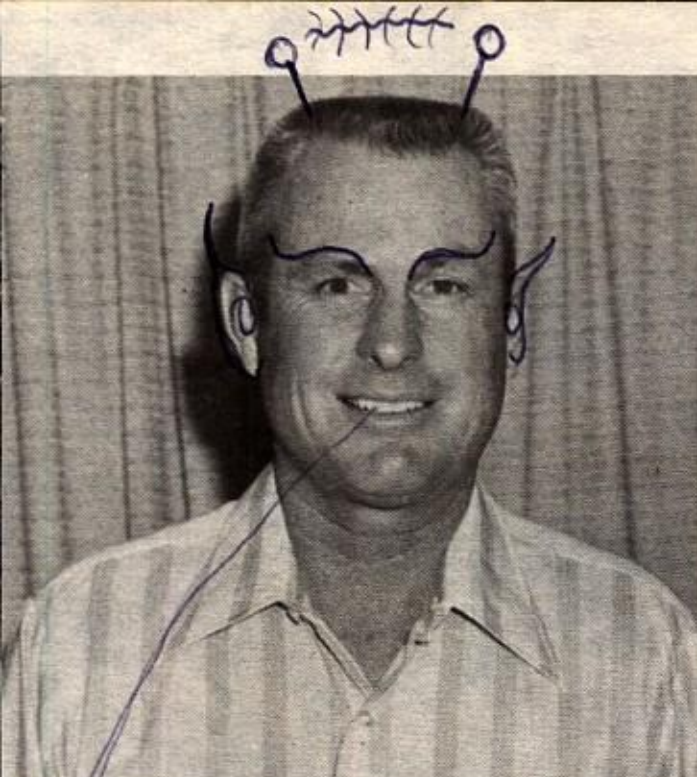

The La Palma is a pictorial review of the school year. The 1974-1975 school year has now been recorded as history through the media of pictures and words.

Many hours of hard work have gone into the publication of this excellent document. The La Palma represents a cooperative effort on the part of students, parents, teachers and the entire community. It is the hope of the Board of Trustees, school administration and all the staff that the year has been rewarding to all students.

Student participation in all activities has been excellent. Student achievement in their course work and extracurricular activities has been recognized in a variety of ways. A spirit of togetherness in an atmosphere of cooperation has made this truly a great year.

Principal's Message

"To everything there is a season and a time to every purpose under heaven. . . ." Ecclesiastes 3:1.

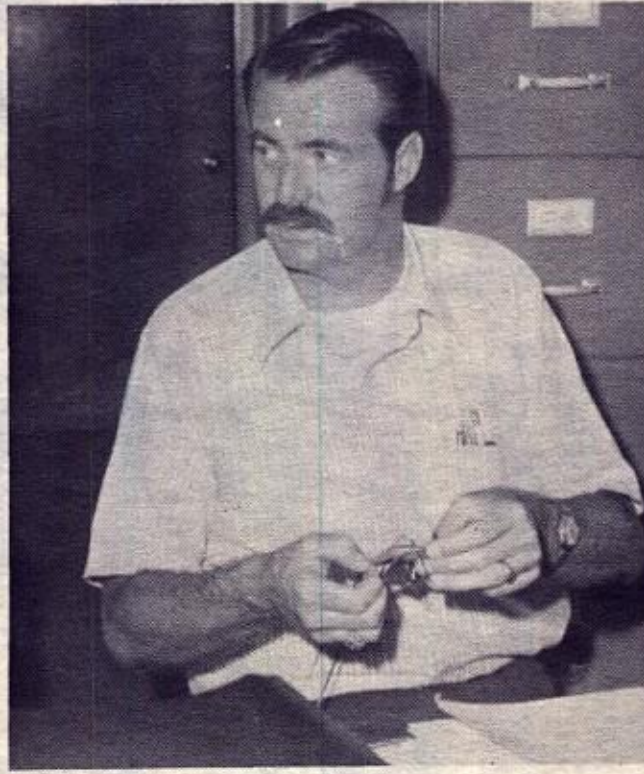

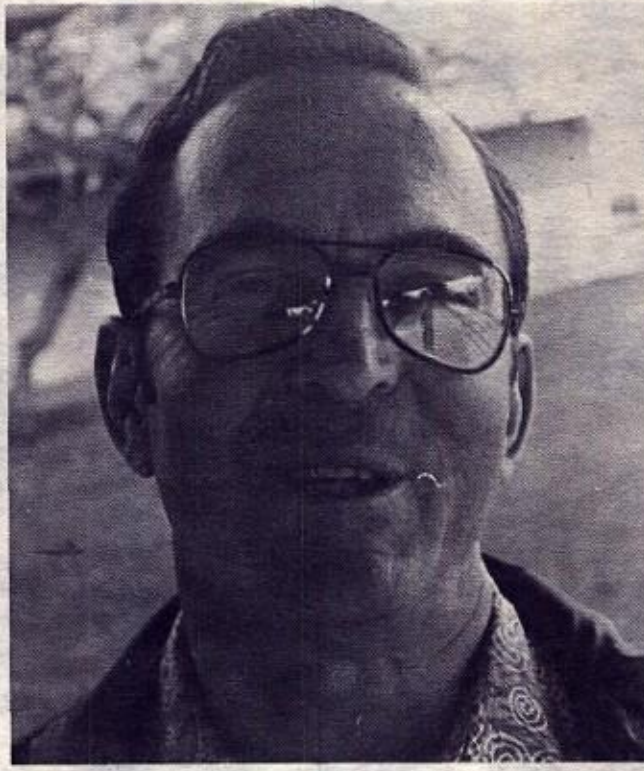

The LA PALMA is an effort of capturing the seasons of this past year. As we page through this book we see a time for learning, a time for making friends, a time for sports, a time for activities and a time for laughter. As we look through this beautiful book we see the purpose of all these experiences. This purpose will be made more clear to us in the coming years as we continue to page through this book. Our hope is that each one of us will have the self-satisfaction of knowing we did the best that we are capable of doing at these particular times.

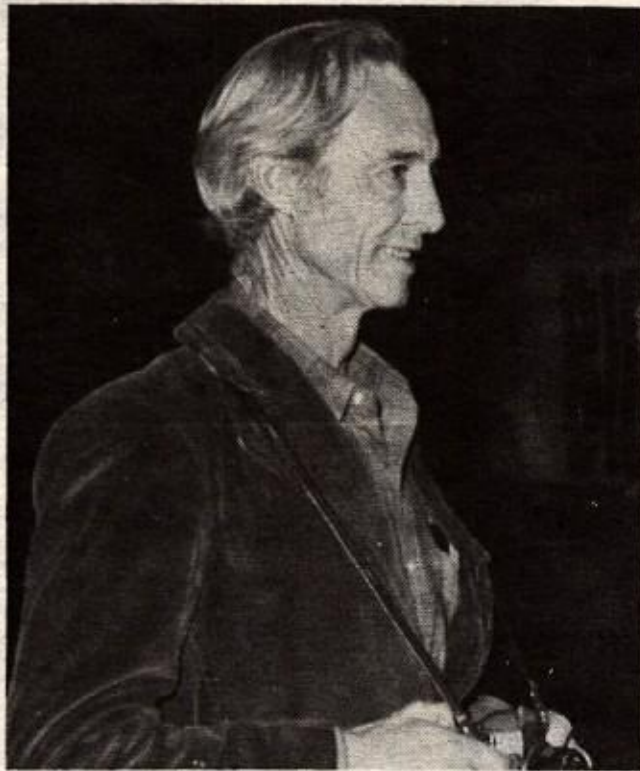

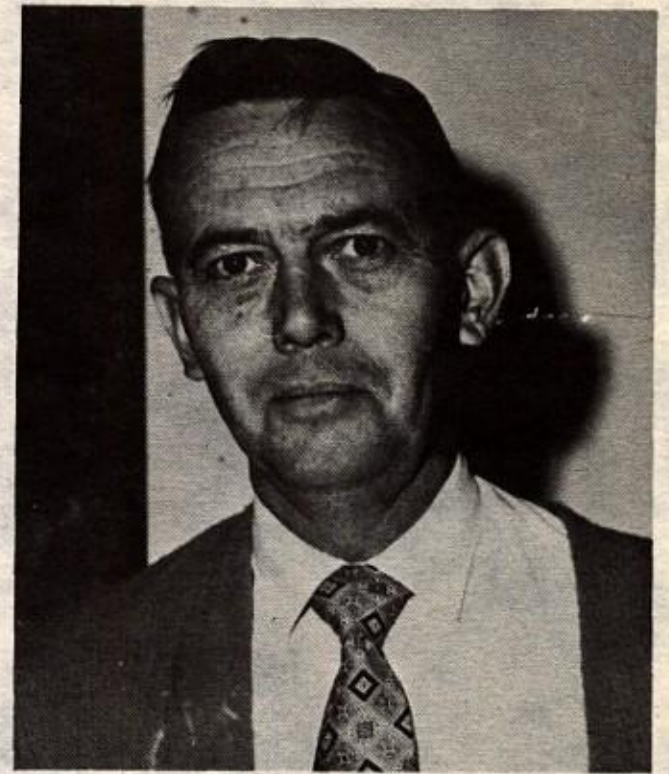

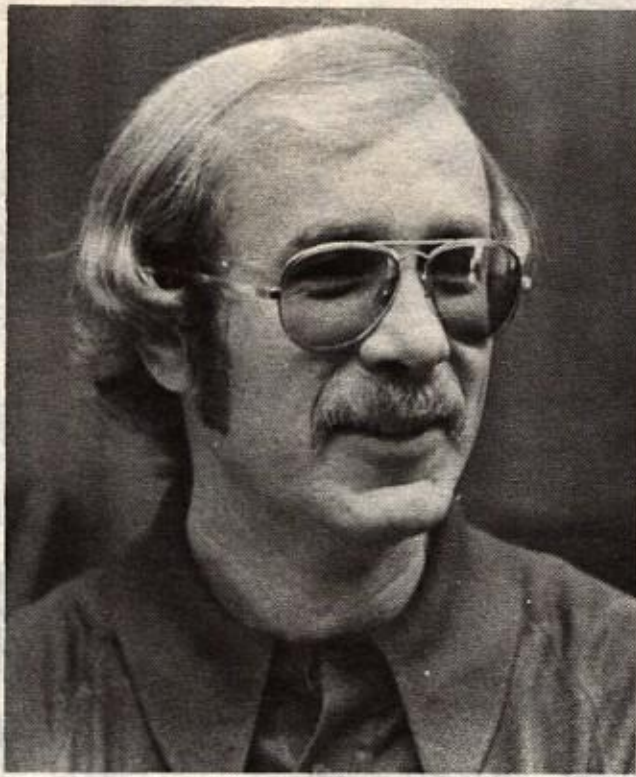

We do wish each one of you the very best as we continue through many more seasons and many more individual experiences.

Sports

Varsity Football

As coaches, we were very proud of our season. We feel we played good, sound, and often exciting football. Our team, though small and somewhat inexperienced showed constant hustle and steady improvement week to week.

Our 8 and 2 season record is one the players may be proud of and with a little different bounce of the ball we could have won them all.

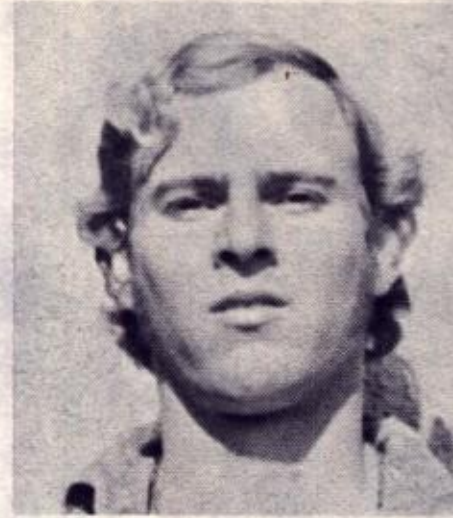

This years team displayed outstanding defense, shutting-out five opponents and allowing only our "Old Rival," Woodlake to score more than one touch down.

On offense we were also very satisfied with over a 300 yd. average per game and 224 points scored to our opponents 42.

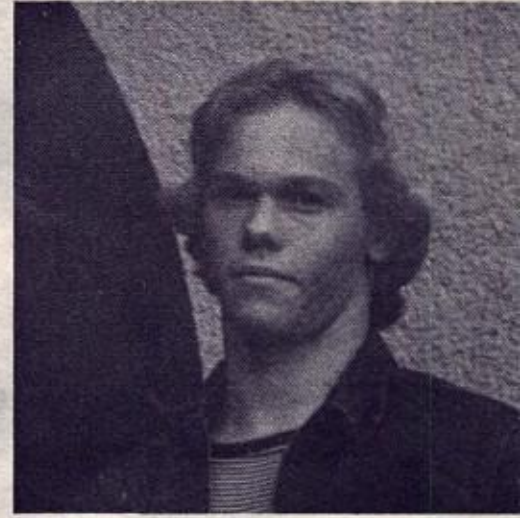

We think each player can be proud of having been a member of one of Orosi's finest football teams, as we are proud of to have been their coaches.

J.V. football

The Orosi Jayvees turned in a 7-3 record for the 1974 season. They finished second in the Central Sequoia League with a 4-1 mark. Each league game was a "cliff-hanger". The players and coaches can take pride in a season which saw the junior Cards come from behind several times to win in the closing minutes of the game.

The mark of a "true champion" is one who never quits even when he seems to be hopelessly behind. Who can forget our win over Dinuba after being down 20-6 and then coming back to win 24-20 in the last 30 seconds of the game? Who can forget the tremendous defensive effort made at Kingsburg or the 70 yard pass interception that won the game? If football is a game meant to provide excitement and entertainment for the fans, then we have accomplished our goal.

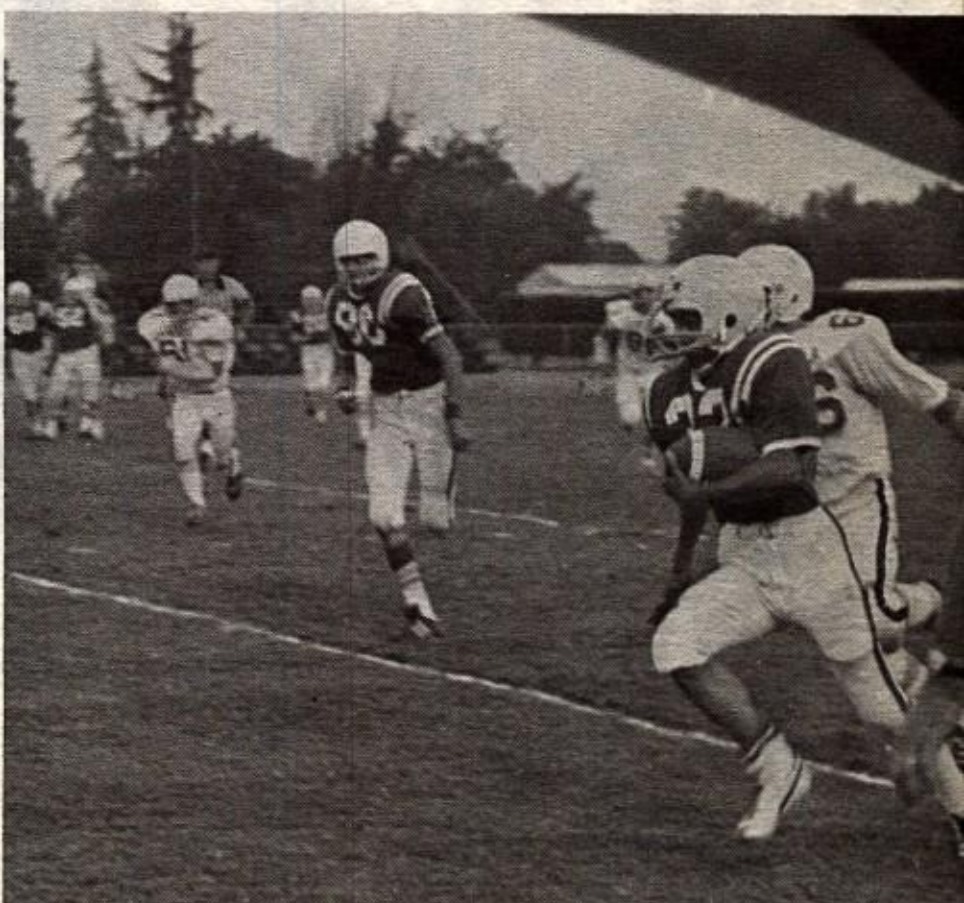

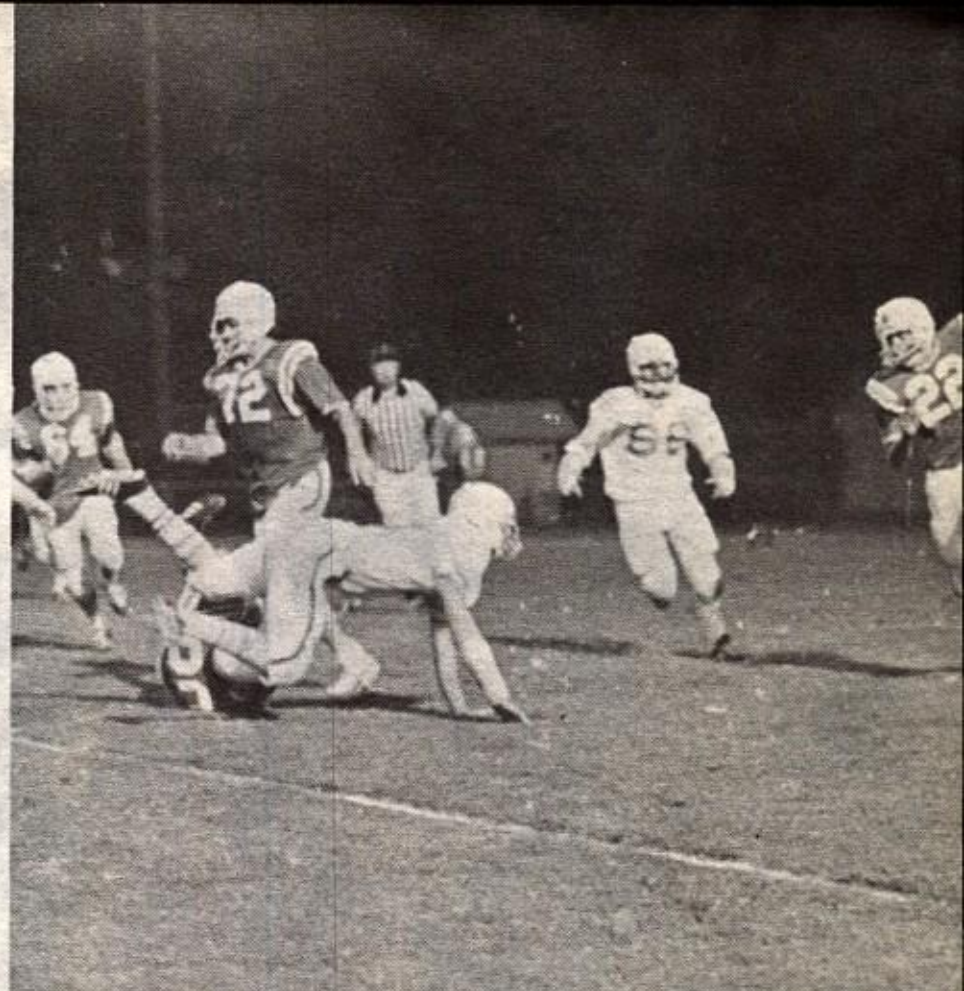

This season will hold many special memories for those of us who were a part of this team for years to come. My special thanks to each player, the managers, and Coach Bellin for their efforts.

Varsity wrestling

"One half of life is luck; the other half is discipline-and that's the important half, for without discipline you wouldn't know what to do with your luck." The above quote by a noted writer appropriately describes the 1974-1975 wrestling season at Orosi High. In our second full season in the Central Sequoia League, this years team learned discipline, gained experience, and steadily improved with each match. Despite forfeiting many weight classes, our team never became discouraged. Or admitted defeat. We appreciate the support of everyone who came to our matches. If this years performance is an indication of next years achievements and successes, then maybe we'll be the other half of life—LUCK!
